

Nine by nine foot wall mosaic designed by Linda Muñoz and executed by Linda and Rhys Greene for Kentuck Art Gallery in Northport, Alabama

Mosaic artists get their inspiration from things around them. Ideas may come from the patterns in the glass or a walk in a garden. You can create an abstract, turtles, dragonflies, vines, or flowers. School or team motifs are also favorites. Let your imagination wander! Come and create a colorful art piece to enjoy for years to come.

Mother and daughter mosaic a bench project.

Heather Nicely, Monica Moore, and Rosa Hall studied Mosaic Art with Linda Muñoz and have been assisting her in numerous workshops since 2006.
